Kindly refer your letter No. 1/MoH/2007 3225 dated July 21, 2008, seeking approval for the revision of DSA payment to Village Health Workers during the three days annual refresher course and ten days new induction course.

Considering the positive impact of the VHW programs in the lives of our communities and the contribution individually made by each health workers to village health programs, the proposed upward revision of DSA payment from Nu.150 to Nu.300 per day is accorded.
