ROYAL GOVERNMENT OF BHUTAN
 MINISTRY OF HEALTH
 THIMPHU : BHUTAN
 P.O. BOX : 728

Ref. No. MoH/HRM/Circular/37/2008/ 762

20th August, 2008

Executive Order

The Ministry has observed that there is disparity in distribution of staffs in the health centers where some centers are overstaffed and some under staffed. Considering the current situation of staff, as an interim measure, Ministry has taken a policy decision to staff all Basic Health Units with 2 staff against the approved post of 3 staff/BHU. However, the ctachment areas, population and workload need to be considered while implementing the policy of 2 staff per BHU.

Therefore, the Community Health Units in the hospitals having more than the approved staffing strength shall have to surrender the staff for mobilizing to other BHU with one staff.

The respective Dzongkhags shall do the internal mobilization and the excess staff must be recommended and forwarded to the Ministry for inter dzongkhag transfer.

(Dr. Ugen Dophu)
OFFICIATING SECRETARY
